

Marcia has been specialising in medical tattooing, cosmetic semi-permanent makeup and scar rejuvenation techniques since 2007. As well as being a fully qualified trainer, she is in high demand by the medical profession for the quality of her work. Marcia also works closely with private clients who are enjoying life-changing confidence from their treatments.

She has undertaken extensive cosmetic and beauty training courses in the UK, Europe and the United States to learn more about non-surgical cosmetic techniques. This qualifies her to deliver premium cosmetic and medical tattooing procedures.

Marcia and her team offer an extensive range of semi-permanent procedures, working in clinics across the UK and Ireland.
